

Scholarship Drive 2011

The Aurora Youth Symphony and Sinfonietta, are orchestra programs for young elementary, middle school and high school musicians in the Chicago Suburbs. Students come from over 41 different towns and villages, performing 3 Concerts per season in the Paramount Theater.

True to the Orchestra's philosophy of "Enriching Life Through Music", the Orchestra program has taken up the challenge of developing a Scholarship Drive, both for needy students, as well as developing the broader vision of sending worthy students to Summer Music Camps, eventually developing a Summer Music Program itself.

This three phase plan can only be accomplished through a Scholarship Campaign. We hope that you will make a contribution to the orchestra program, so that we may realize the goals of need and vision for the future.

All donations will be listed in the Concert Programs throughout the season, and should you wish to Advertise in the program, we can place those ads in the program as well.

Thank You very much for your support!
